ABOUT ME

I'm a passionate web developer from Kosovo, driven by the desire to constantly learn and grow. With a solid foundation in coding, I aim to create innovative online experiences that leave a mark. Eager to embrace new challenges, I'm committed to pushing boundaries and contributing fresh perspectives to the world of web development.

WORK EXPERIENCE

2023 - present
Freelance
Front-end Developer

As a freelance web developer since 2023, I specialize in JavaScript, HTML, CSS, React, and WordPress. I develop dynamic, responsive websites, create custom themes and plugins, and ensure user-friendly interfaces. My focus is on transforming client visions into functional, aesthetically pleasing digital solutions while maintaining high standards of code quality and performance.

2020 - 2023
Softdome
Front-end Developer

During my time as a web developer at Softdome, I was immersed in a dynamic and innovative environment that constantly pushed me to excel. I worked on several projects like: Responsive Web Design, E-commerce Websites, Content Management Systems (CMS), Web Applications, Single Page Applications (SPAs), Progressive Web Apps (PWAs).

2019 - 2020
Softdome
Back-end Developer Intern

My internship as a backend developer at Softdome was a transformative journey into the world of software engineering. From day one, I was welcomed into a team of seasoned professionals who were dedicated to helping me grow and learn.
